## Member Profile—

## Madam President Debbi Noveshen

As many of you already know, Debbi has been elected as the newest President of CCSC. Debbi joined CCSC in 1992. She had just started to ski and was looking for a way to go to different resorts and broadened her ski experience. She served two years as CCSC Winter VP ('96-97, '97-98) and ran all the Mammoth trips, four-day trips to Tahoe and Park City and week long trips to Vail and Steamboat. Debbi would love to see a trip planned for this New Years.

Debbi was born and raised in Los Angeles, the actual city, with a "900" zip code even. Her brother **Aaron** is married and lives in San Francisco and is an executive chef there.

Debbi skipped school to "find herself." At age 18, she went and lived in Israel. She eventually returned to LA to start working. She was with Wells Fargo Bank for 18 years before she switched careers. She is currently an office administrator for an orthopedic surgeon. She loves it and has already been there for a year and a half.

Skiing (is there anything else!!) is Debbi's life. Her first event with the Club was a memorable trip to Lake Tahoe for New Year's in 1992. Her favorite place to ski is Kirkwood because "it's just me and the mountain is fantastic." Her most fun trip with CCSC was the 1996 trip to Aspen with CCSC, Westwood and South Bay.

Besides skiing, Debbi is involved with the Jewish Federation where she has worked on such projects as AIDS Los Angeles, Angel Food, and Leadership for Young Adults. ❖

## Star, Get Well Soon

As many of you may or may not know, **Star Vega** was diagnosed in late January with a rare form of Leukemia that strikes quickly and without warning. Her time in the hospital and recovery has been made easier because of friends who have sent her endless amounts of cheer, hope, well wishes and prayers.

For those of you that would like to do something to help Star, she and her family have asked for any old **Video Movies** or **Books on Tape** that you do not require to be returned. Currently, she does not own any videos but

would love some comedy or action flicks. And if you have a favorite movie or book that you have really enjoyed or think she might appreciate, send that also.

Please do not send flowers, fresh fruit or vegetables as her disease does not permit exposure / consumption of these items. Cards, notes, and well wishes are always appreciated. And don't forget Star's birthday which is May 30<sup>th</sup>.

## Can you say SOCIAL?!

by Cindy Lemos

### *Happy Hours Past—*

Friday, April 27<sup>th</sup> at the Odyssey — As usual, a wonderful success! Lots of people and great food **plus** now we can actually see the sunset again. Hope to see you there again in July!

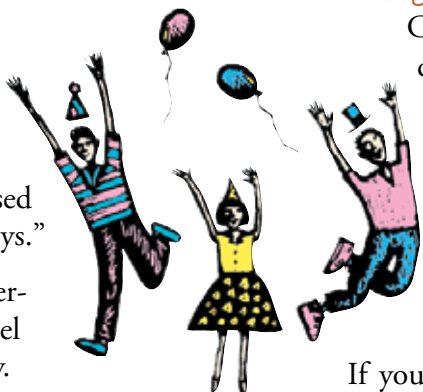

Friday, April 13<sup>th</sup> at Cava — Larry Davis bought drinks and appetizers for everyone!!! Unfortunately, a few people missed the message changing the date from the previous April 6<sup>th</sup> so the rest of us could go to Mammoth that weekend and showed up anyway. We hear that they also had a wonderful, if cozy, time!

### *Installation Banquet—*

**May 5, 2001, 6 PM**

This coming weekend, we will welcome our new Board as well as to say “job well done” to our exiting 2000/2001 Board. **If you don't already have your ticket purchased, call me now!** You won't want to miss these fun items—

- Cinco de Mayo celebrating as we've scheduled this event on May 5<sup>th</sup>.
- **Michael Medkiff** has promised to fill our piñata with “sex toys.”
- We'll be partying in the Water-front Room at the Marina Del Rey Hotel on Admiralty Way.
- Cocktail hour begins at 6 PM with a no-host bar, dinner at 7 PM, and we'll continue dancing well into the night.
- Our DJ Celebrations has promised rocking music the entire night and fun will be had by all.

Dress to impress (because I will and so will **Michelle Hollister!**)

The price is an incredible \$39 a person and includes a wonderful chicken dinner (vegetarian meal upon request). Limited seating is available so get your tickets reserved now!

### *Revlon Run/Walk—*

**May 12, 2001**

**Stacy Sprowl** has offered to take entries for this important event. Everyone knows someone who has battled this disease and with your help we can eradicate it someday soon. Please call Stacy and ask for an entry card. We are trying to get 20 people together for a fun walk and those participating will have some nice surprises — and you will be getting some exercise to boot! It takes place on the Saturday prior to Mother's Day on May 12<sup>th</sup>. Please join us.

### *Happy Hour—*

**June 1, 2001**

Join us on Friday, June 1<sup>st</sup> at 5:30 PM for another installment in our Happy Hour Adventure Series. Thanks to Daylight Savings Time, we will now have a wonderful view of the entire coastline at sunset. The margaritas are deadly and the service is generally a bit attitudish, but we all still love it there and would love to have you join us there next month.

### *Happy Hour—*

**July 6, 2001**

Can't stay away from this place! Not sure if it's the dazzling view of the city, the killer commute on the 405 or the cute waitresses, but this location remains our biggest draw. So we are returning to the **Odyssey** in Granada Hills for our July Happy Hour. As the regulars know, we always stay for dinner and the Lobster Alfredo is not to be missed. Hope to see YOU there!

If you are still snow skiing, be very careful. I blew my knee out in this kind of snow about 6 years ago and finally just hit the Cornice again this year after being terrified of it for so long. (Thanks, **Dave Hollister**, for forcing me into it. I loved it!) But no matter what have

# Solvang Bike & Wine Tasting

19-20 May 2001

**\$115** (non-members \$135)

Come join CCSC on one of the club's favorite weekend events of the year—two days in the lovely Santa Ynez Valley. While biking through the countryside and tasting wine at many of the area's favorite wineries you will be able to view a miniature pony farm, ostrich farms, beautiful horse ranches and a historic schoolhouse before enjoying a restful picnic lunch at one of the local wineries.

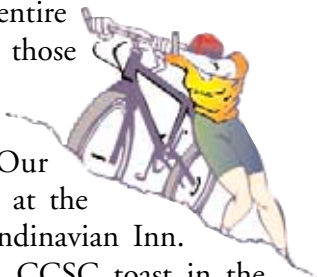

We will be spending the entire weekend in Solvang. For all those people who were "born to shop" you will be able to "shop 'til you drop." Our overnight stay will again be at the fabulous Solvang Royal Scandinavian Inn. You will enjoy a traditional CCSC toast in the jacuzzi after the ride and before everyone takes off for dinner at one of the many wonderful danish restaurants in town (you're on your own for dinner).

An early Sunday morning ride, (level of difficulty will be your choice) followed by a "to-die-for" brunch at the Scandia Restaurant next door to the Inn.

## *Saturday Bike & Lunch Available for \$20—*

It's not too early to sign up. To reserve a spot for this annual fun filled weekend just fill out the Trip Form found on pages 17 & 18 and mail with a check made payable to CCSC for the full amount to:

## St. Patrick's Day

*by Cindy Lemos with photos by Amy Gold*

Our St. Patty's Day party was a roaring success—so successful that yours truly can't actually remember the end of it. But I've been told by many semi-reliable sources that I and everyone else there had a wonderful time.

**Michael Medkiff** made everyone wear the requisite Santa hats since his tree was still up (don't be shocked, it'll still be up in August.) The food got lots of raves and of course a large quantity of alcohol was consumed in honor of the Irish.

We all wore green which clashed nicely with those red hats, but if you missed it, you'll wish you were there. ❖

## Fillmore Follow-Up

by *Don Gately*

April 14<sup>th</sup> turned out to be a glorious day. Bright, sunny, cool — perfect weather for a bicycle ride. Eleven of us started out a little after 9 AM. We passed through miles of beautiful orange groves, our senses delighted

by the beauty of it and the fragrant aroma of the orange blossoms.

After a stop at Elkins Ranch, a most picturesque golf course, we returned to our cars, loaded up and headed to the charming little airport at Santa Paula, where we were joined by **Lisa Felker**, **John Freeman**, and **Don Stavlo**. We had the dining room to ourselves, the food was good, the prices very

reasonable and the camaraderie as enjoyable as it always is when club members get together.

After lunch **Reaven Gately**, **Candy McKnight**, **Annette Arbuckle**, **Carole Palma**, **Larry Davis**, **Steve Shiel**, and **Ben Bassat** headed for home. The three newcomers joined four veterans of the morning ride for a scenic drive past green rolling hills and vast meadows of brilliant wild mustard to Ojai. From there it was on the bike path for another 18 miles of riding.

When the ride ended the big discussion was whether to go for ice cream, as **Lisa Felker** urged, or for a little stronger libation. The ice cream won out. Most of us opted for root beer floats (yum yum).

If anyone cares, the "real men" who rode both rides were **Lloyd Huff**, **Phil Burton**, **Jim Albert**, and, of course, fearless leader, **Don Gately**. ❖

## Membership Matters *by Lloyd Huff*

It's hard to believe this year on the board is winding down and it is time to pass the reigns to our successors. After a year as LiftLetter Editor, two as Treasurer and another as Membership VP it's time for me to retire (from the board). This past year has been another great one for Century City Ski Club. They all are, thanks to all of you who volunteer to help out with events and to the members who participate in those events. Many times we get so caught up in the details of planning, budgeting, promoting, etc., that we forget that the whole idea is to have fun with friends who have similar interests. Hopefully, most of you reading this did.

Joining Century City Ski Club opened new doors for me when it came to fun. Eight years ago I didn't snow ski, I didn't water ski and I had never seen or heard of hydrofoiling. I've had fun and made friendships in the club doing these things and more. I truly believe there can be something for everyone here at CCSC.

This summer has a full slate of events scheduled. Get your attitude adjusted at one of Cindy's Happy Hours, get pumped up on a bike ride or, there's the Installation Banquet coming up, the infamous Solvang Wine Tasting/Bike Ride Weekend, the Revlon Run/Walk Charity Event, McClure Water Ski Trips, the Delta Houseboat Trip and there's Volleyball all summer long. That's a great summer roster of events so start planning on taking part.

I remember **C.C. Costa** once saying, "If we're having fun, everyone wins." He of course was referring to racing, but that's what the club is all about, having fun. Let's also remember his "Spirit of Volunteerism" this summer. There's stuff to do at each event and trip leaders need our help and would appreciate your help with the many things there are to do. They are always looking for hard working volunteers for assistance.

As a member of the board this past year I have appreciated the great job all the club officers have done in making this year the success that it was.

See you at the next meeting. ❖

## Ski Industry News

by Catherine Ohl

latest news in the two unfolding dramas.

### *Denver Says Winter Park Not for Sale —*

**Powdr Corp.** announced its interest in partnering with the city of Denver in running Winter Park. After an off season in 1999-2000, Winter park exercised its option to skip a rent payment to the city valued at \$2.3 million, which led to Denver's reevaluation of the ski area. The city put together a panel to decide the fate of the resort, which needs extensive capital investment of more than \$63 million to bring it up to snuff so as to be competitive with other Colorado ski resorts.

Denver Mayor said the city would not sell Winter Park Resort, but would begin hunting for a partner to help run it and infuse it with the cash necessary to keep it competitive. The announcement came a day after the 25-person Winter Park Advisory Committee picked by the mayor recommended the city either sell the resort or form a joint partnership to manage it.

### *Mt. Bachelor Recommends Pape Group Offer —*

Mt. Bachelor's Board of Directors decided to recommend that shareholders accept the Pape Group's offer to purchase the ski area because it would bring them more money. But the choice of selling to former CEO **Randy Pape** or **Powdr Corp.**, which reported last month it had secured commitments on about 70 percent of Mount Bachelor shares, is still up to the shareholders.

If **Powdr Corp.** purchases enough shares or obtains enough signed tender offers to win voting control, it will ask Mount Bachelor's board of directors to approve a merger agreement. That would probably result in a **Powdr Corp.** move to add significant snowmaking as

one of the first improvements it makes to Bachelor.

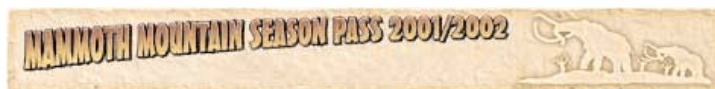

If the **Pape Group** gains the majority, it's likely that **Intrawest** would be brought in to manage the resort. Pape has said his concern is to keep ownership of Mt. Bachelor local. **Intrawest** has twice offered to purchase Bachelor in the last few years but was turned down by its board. **Intrawest's** first move would probably be to build a village at the mountain's base.

### *New Forest Chief Named—*

The Bush administration has announced that **Dale Bosworth**, a career U.S. Forest Service officer, has been picked to take the place of former forest service chief **Mike Dombeck**. **Dombeck**, who came to the service from the Bureau of Land Management, resigned because of differences with the Bush administration.

Initial reaction to **Bosworth's** appointment was one of gratification that the choice was an insider. Interestingly, **Bosworth** — like his predecessor — has been a defender of former president Bill Clinton's Roadless Initiative. For his part, **Dombeck** recommended the Bush administration not negotiate a settlement of the road-building ban as he left his office.

Last summer, **Bosworth** was quoted as saying that both detractors and those who claim the initiative does not do enough to protect roadless areas have been guilty of distortion. In fact, he noted, the initiative provides plenty of recreational use while adding another layer of protection to the land in question. ♦

## SAFETY— from being robbed

by Pam Malouf

### *At your business —*

Report suspicious circumstances or people to the police — this diminishes your risk.

Comprehensive training on robbery prevention & survival is offered free by your local police department. Communicate with other businesses in your neighborhood. Make a robbers job more difficult by keeping a minimum amount of cash on hand and advertise this. Pretend you are a robber and check out your premises for lighting and visibility — don't block windows with large boxes, etc.

During a robbery all bets are off! Assume the man is nuts or probably on drugs and your responsibility is to survive safely so comply with his demands. Give the robber your best customer service. If the robber says he has a weapon, believe him. Let him think he is in control. Talk to the robber, don't leave him guessing. Tell him that you will cooperate and do exactly what he wants. Do not resist. Do not argue. Do not use a weapon. Do not follow him.

### *Protecting yourself from an armed robbery —*

Purse snatching is a common crime facing women, but strong-arm robbery (hold-ups, muggings) is the most prevalent act where men are generally the victims. Use common sense and you will greatly reduce your chances of being victimized.

1. Travel on well lit streets. Avoid dark corners, alleys and entrances to buildings. Walk on the side of the street nearest to oncoming traffic.
2. If you must travel at night regularly, consider carrying a second wallet with a few bucks & old credit cards which you can give to the suspect. Focus on his looks so you can give police an accurate description.
3. There's safety in numbers. Travel with a companion when possible.
4. When waiting for a bus or taxi, select a well lit, preferably busy spot.
5. Don't hitchhike or accept rides from strangers.

Never pick up hitchhikers.

6. Avoid taking shortcuts through deserted areas such as parks, playgrounds or vacant lots.
7. Be cautious when entering and exiting your car. Someone can be hiding inside or nearby.
8. Never carry weapons that can be used against you.
9. If someone asks directions, be polite but keep a safe distance.
10. If you think you are being followed, head for an occupied building (bar, restaurant, gas station) and if none is available cross the street in the middle of the block and try to stop a car for help.

If you are confronted, do not resist! Your life is more valuable than any of your replaceable possessions. Don't make any sudden or unexpected moves as the criminal may think you are reaching for a weapon.

Never try to be a hero and apprehend the criminal yourself. Notify a police officer ASAP.

### *Tips when travelling —*

Ask for directions before heading off to local attractions because lost tourists are easy targets. If you do get lost, ask for directions from a business and be wary of strangers who seem overly anxious to help. Be careful on the beach and always check with the lifeguards about tides, currents and wave action.

Use travelers check or credit cards and keep the serial numbers in a separate safe location. Carry only the cash you need in small denominations. Be aware of your surroundings and never discuss your plans or the amount of money you are carrying. Do not display your money openly. Carry your purse close to your body and your wallet in your front pocket.

Your plane & bus tickets are as good as cash— keep track of them. Photocopy your important documents (passport, tickets) and store them safely.

Leave nonessential papers, credit cards, at home. If your car breaks down, raise the hood, turn on your flashers and keep all passengers together. ♦

## SKI FITNESS FOR THE SUMMER

*excerpted from Snow Country Spg/Smr '98*

You are probably thinking it's nuts to be talking about getting in shape for snow skiing. Heck, the ski season is barely over and isn't it time to just hang out at the beach soaking up some rays and maybe hitting a couple of volleyballs or taking a cruise on the strand?

Think about it. It probably took you the whole winter season to get in decent shape for skiing. Why would you want all that hard work to go to waste? Be sure to warm up first and perform each exercise slowly and for the specified

### 1. LEG LUNGES (1 min)

Stand with your back to the incline of a hill. Bend your right leg back. Drop your rear knee until your front knee is 90°, return to start. Repeat for 1 min each leg.

### 2. LATERAL SKIPS (3 min)

Hold your arms straight out on each side at shoulder height. Flex knees and skip from foot to foot ten times before reversing direction. Emphasis Speed.

### 3. CALF RAISES (1 min)

Stand with feet hip-width apart on a step. With hands on hips, balance on the ball of your feet. Slowly push heels up a few inches and then lower heels over edge of the step.

### 4. TRI DIPS (1 min)

Rest hands on bench behind you with your feet straight out in front. Lower body until you feel contraction, return to start. Be sure not to lock elbows.

### 5. PUSH UPS (1 min)

Place hands slightly more than shoulder-width against an elevated surface. With straight back, lower body and return to start.

### 6. TUCK JUMPS (3 min)

From a tuck position, jump straight up, reaching for the sky. Upon landing, return to tuck. Emphasize height rather than speed. Try to land on balls of your feet. ❖

## A Note from the Editor

by Catherine Ohl

Thanks again to all of you who sent in your articles for this issue of the LiftLetter. I'd like to extend a special thanks to **Larry Davis, Lloyd Huff, Don Gately, Cindy Lemos, Flora Taub, Pam Malouf, and Gene Fulkerson**. Thanks also to **Amy Gold & Kenny Su** for sharing their wonderful photos from CCSC events.

Special thanks to everyone for getting their articles in this month. I know that it was a difficult getting articles in on time this month because of the election, late board meeting and the transition to the new board.

**The June newsletter deadline is May 19.** I prefer to have articles in electronic format either in text, Word ('98 or earlier), PageMaker, InDesign or Quark. It appears I can't read WordPerfect or Microsoft Works.

Photos are also a welcome addition to any newsletter. I am especially looking for photos of any of the CCSC event. Although photos can be in just about any format, I prefer electronic high resolution tif files.

You can send your articles or photos to me at:
