#### Madam President . . .

#### Olympic Frenzy-

The "thrill of victory and the agony of defeat"— I don't know about all of you but I am completely wrapped up in these Winter Olympics and it hasn't only been limited to me sitting in front of the TV every night. I have shared in the excitement with our very own Social VP, **Cindy Lemos**, upon her return from a weekend in Salt Lake City with an official Olympic cow bell around her

neck decorated with all sorts of Olympic pins.

And then Tuesday at our south general meeting, guest **KelLe Malkewitz**, Executive Director of the US Adaptive Recreation Center, brought her torch from the Olympic Torch Relay (even the managers of Earth, Wind & Flour wanted to touch it.) WOW!!! KelLe was at our meeting to talk about her organization, USARC, and their need for volunteers (see page 4 for details).

And of course the ultimate highlight will be this month when CCSC heads off to ski where only the best of the best have skied — Snowbasin, Utah. (I just hope my official Olympic Beret arrives in time since they are on backorder.)

#### Winter Trips-

The Winter Olympics are every four years, but Century City Ski Club seems to have something going on every 4 days (okay, that may be a bit of an exaggeration!!!). To start, you still have opportunities to bring home your own Gold from Ullr IV and LA

#### Member Profile—Condy McKnight

Candy McKnight is one of my favorite people in CCSC. She is always willing to pitch in when needed and she does it with such a beautiful smile. I first met Candy on the FWSA Ski Week to Aspen in 1993. What most impressed me was the way she handled her room situation. We had to see it to believe it She had the smallest room and couldn't even stand her skis up because the ceiling was so low. And the bathroom — if you wanted to turn you had to leave the room, turn and come back. Still, this was one of Candy's favorite CCSC trips.

Candy first joined CCSC in 1985. She was interested in finding people to water ski and play softball with. At that time she wasn't much of a skier — just a tad better than a beginner. She met **Kathy Lewis** at a Shredders meeting. Kathy talked her into checking out CCSC. That year, Candy also joined Singles and Westwood but has stuck with us. And we are lucky to have her. Thank you Kathy.

Candy has been a real asset to CCSC. She is ending up her second two-year run at Competition. She done the Social thing a couple of times and has been Summer Trips VP. She has many memorable moments with CCSC. Even through she hated the fog in Big White, she can't believe she got to all the blue runs on Cruise the Blues, especially the last run above tree line. She'd like to thank Clutch McCloskey, Suzanne Gilbert and Tom White for getting her back to the Inn safely.

The US Adaptive Recreation Center USARC) at Big Bear is a non-profit organization. A key component of their success and growth is the tremendous efforts and support provided by hundreds of volunteers who

serve in a variety of capacities. Countless lives, young and old, have been touched by the volunteers, who teach or assist other instructors with the hundreds of adaptive lessons given each season.

USARC's summer volunteers have likewise brought the joys of water skiing, fishing, sailing, kayaking and other sports to many students during their summer programs. All volunteers receive thorough training from certified adaptive recreation professionals to teach or assist in the lessons provided during the winter and summer seasons.

USARC is always looking for new volunteers. To be added to their mailing list for volunteer opportunities, please contact them by email or call the USARC office at 909-584-0269. USARC is a 501(c)(3) non-profit organization. Your efforts and support are always needed and may be tax deductible.

Well, the fun keeps on rollin' along — and Ullr III (January 25-27, 2002) was no exception. Our latest Mammoth trip was simply awesome!

We awoke to cold cloudy skies on Saturday, January 26, 2002, and headed up the mountain to register for racing and get some breakfast. Then, for the racers, it was time to get moving up to the racecourse as "weather" was expected to move in later in the day.

Sure enough, around noon it started to snow... and snow... and the skiing was just fantastic!

After the day's skiing, we all headed back to the Sierria Nevada Inn for another famous CCSC Jacuzzi Party before heading out to dinner.

On Sunday, we awoke to about ten inches of fresh tracks, and spent the day enjoying the new snowfall. The only one who wasn't having any fun was the bus driver, who had to put on chains for the trip home:-)

So all in all, another fantastic weekend in the Sierra. Our next trip is scheduled for March 8-10, 2002!

For more Reservations & Information—

Send check for full amount with a signed release form, payable to CCSC, to **Jeff Woolf**

See you all on the bus! V

## Only TWO more bus trips to Mammoth!!!

TO REPAIR IN

I keep telling you this, but it's true! I'm out the door to Mammoth with a number of other rabid CCSC skiers! They got new snow over the long holiday week and we are ready to schuss some runs. If you haven't signed up for our

March 8-10 bus trip, do it now! It's going to be a fun one, guaranteed. (**Michelle Hollister** is already signed up so the Sex on The Ranch will be flowing!!)

I also hope you are enjoying the Olympics. I just returned from Park City and the atmosphere there was one of total world peace. Even with the figure skating controversy, people blamed the judges, not the athletes. Anyone for Torino, Italy in 2006? We watched **Kelly Clark** win gold on the Snowboard Half-Pipe and **Picabo Street** not medal at Snowbasin. Those of you going to Snowbasin will absolutely love that mountain.

Grizzly (site of the Men's Downhill) is not to be missed, but expect a few gray hairs before you hit the bottom.

The top is so steep, definitely not for the faint of heart!

If you missed our Valentine's Day Bash on Feb 16th, you really missed a party! About 40 people showed up at **Larry Davis**' home for a potluck dinner and chicken seemed to be the entrée of choice — not that anyone complained because every dish was unique. And the desserts were to die for — definitely not for anyone on a diet.

Now onto the upcoming events.

**Pub Crawl**— **Saturday, March 2, 2002, 5:30 PM** I've decided to stay in LA awhile longer, but since we'd already scheduled this event for a Saturday, we'll keep it that way. Come join us for a night to remember.

We are starting at *Casa Del Mar* in Santa Monica where Pico dead-ends into the ocean. From there we will go up Pico into West LA to the notorious martini dive bar *Liquid Kitty* at 11780 Pico Blvd. From there

we'll cross the street for dinner (we'll need it!) at the Mexican restaurant, *Juan Antonio's* (or somewhere close). You can't miss it, it's right across from the Kitty. If we need a fourth stop, it's been suggested that we have dessert at Baskin Robbins! *See flyer on page 4*.

In honor of St. Patty's Day, we will be serving green pina coladas at **Andy Vogel**'s house in preparation for our huge fund raising Garage Sale on the 16<sup>th</sup>! Bring your **STUFF** that stands a chance of being reused and help your club raise money so I can throw more extravagant parties for you in the future. Andy lives at 1421 Walgrove Avenue, LA 90066. We'll also have some light munchies to accompany the cocktails. *See* 

Happy Hour- Friday, April 19, 2002, 5:30PM

flyers on page 7 for Garage Sale information.

Yes, it's almost time for me to say goodbye to being your Social Kitten, at least officially.

CCSC by-laws dictate a two year term limit so I will be stepping down, but never fear, I'll still be in the background pushing the envelope on social policy.

But we still have time for a few more good nights! Join us at our fave spot in Granada Hills (The Odyssey) for cocktails and dinner. Last time we had nearly 30 people at dinner and I'd like to set a new record for this one, so mark your calendars and let's party!!

Santa Barbara Wine Tasting-April 26-28, 2002

This will be a great time! We're staying in Santa
Barbara and traveling to the Santa Ynez wine country
on Saturday via the Santa Barbara Trolley. After a full
day Saturday of tasting wine, we'll have dinner and a
Jacuzzi party back in Santa Barbara! On Sunday
morning there will be a wonderful brunch and Lisa
Felker will lead most of us on a nice bike ride around
the beach. The bike ride will be optional, as some of
you may prefer to shop State Street or the crafts fair at
the beach. I'm still working on our accommodations—
so stay tuned for additional
details.

## SPRING GARAGE SALE

#### Saturday, March 16, 2002

1421 Walgrove Av., West LA

Do you have **STUFF** you are tired of looking at?

The Club will be holding it's annual fund raising event to *Keep Cash in the Coffers*. We need you to clean your closets, garages, basements, attics, or even those kitchen cupboards for **STUFF** to donate. Any **STUFF**, broken or not, clothes, electronics, cars, boats, books, games, well you get the idea.

For large items, if you need assistance, please call Andy Vogel at 310-581-0761 as soon as possible so he can arrange for a pick up. If you have really large **STUFF**, i.e. cars, boats, etc., Andy will work out a commission deal or advertise in the local papers.

You can even bring your **STUFF** to the Party Friday night. Stop by to help with sale preparations and enjoy some green pina coladas and munchies.

Lets make this a **REALLY, REALLY BIG & FUN EVENT!** And we will all benefit. **V** 

#### Fund Raising For American Stroke Association

As some of you may know, last year I trained for and ran in the Midnight Sun Marathon in Anchorage while raising funds for the Leukemia/Lymphoma Society.

This year my charity has shifted to the American Stroke Association, because a very dear friend of mine died of a stroke a couple of

years ago. My training is with TTES (Train To End Stroke) for the Kona, Hawaii, Marathon on June 23rd (the 9th state in which I've run a marathon).

I will gratefully accept donations from anyone who wishes

to support me in this effort. My first deadline is April 1st when I must provide \$875; the balance of \$2,525 is due on May 25th. Checks should be made payable to "American Stroke Association" and, of course, are fully tax deductible. Be assured that 72% of the funds raised goes towards research. The rest is to fund the training program.

You can see me at a meeting or mail your donation to me. To supplement what I raise through donations, I also conduct a paper recycling program (we kill forests in my office). Thanks for your consideration.

#### Donations-

Please make check payable to **American Stroke Association** and send to Judith at

Lisa has been busy planning new & exciting bike rides for us. Here's the list so far.

#### Beach Bike Ride –

have a light bite to eat, then head back &

have drinks & appetizers together at Fisherman's Village. Meet at Dock 52 off Fiji Way in Marina Del Rey.

#### City of Angels Funride- Sunday, April 7, 2002

We're doing this in place of our monthly beach ride for a change of pace. The ride has sag wagon support but is only 27 miles long (a couple miles longer than our beach rides). The ride registration costs \$25 if paid by March 22 and \$30 after that date. Registration includes a ride goody bag, refreshments at rest stops, entrance into the Southern California Bike Expo & Valet Bike parking at the Expo. Registration forms available online at www.bikeshow.com.

#### Santa Barbara-

April 26-28, 2002

This ride is a part of the Santa Barbara Wine tasting weekend which **Cindy Lemos** is organizing (see page 6). We'll be doing a bike ride in Santa Barbara on Sunday the 28th.

#### Tour de Cure-

Saturday, May 18, 2002

Again a change of pace from our beach rides & a chance to support the fight against Diabetes. This ride starts and ends at El Dorado Park in Long Beach. Registration is \$15 if paid by April 19, 2002 (\$25 after) and includes lunch, entertainment & massages.

#### San Diego Midnight Madness- August 17-18, 2002

Mark your calenders since you won't want to miss this bike ride.

We're going to San Diego for the **Midnight Madness Ride**. The ride starts Saturday night at Midnight and is only 20 miles of easy flat riding. But everyone dresses in pajamas or costumes and decorates their bikes with lights. Afterwards there is refreshments, music and a costume contest. We are planning a BBQ & Jacuzzi Party on Saturday afternoon at **Gene Fulkerson** & **Catherine Ohl**'s. Stayed tuned for details.

New York Steak with Green Peppercorn Sauce—

4 New York Steaks
Fresh Ground Pepper
Garlic Salt
1 cup Heavy Cream
2 tbs butter
1/3 cup Beef Broth
2 tbs Green Peppercorns
Juice from the meat

Season steak with fresh ground pepper and a touch of garlic salt. Grill steak to your taste (preferably rare). After grilling put on a plate and cover with foil to keep it warn. Remember that the meat will continue to cook after you take it off the grill.

In a saute pan, melt butter.
Add heavy cream, broth,
juice from the meat and
peppercorns, and just bring to a boil

#### Presentation-

To serve, pour a quarter of the mixture over each steak. Serve with garlic mashed potatoes and steamed broccoli.

#### Wine-

Best paired with a full bodied Cabernet, Syrah or Zinfandel. My personal choice would be a 1997 Kenwood Jack London Cabernet Sauvignon.

#### We Survived Big White

OK, so 4:30 am was a little early to be getting to LAX!!! But weren't we supposed to be there at least two hours before the flight, somebody forgot to tell Alaska Air that fact. Imagine our surprise upon arrival at 4:20 AM the Late **John Freeman** was already in line, there was a rumor that he slept in his car in the parking lot to make sure he was there on time. Oh well, we

had fun greeting all the CCSC'ers going on the Trip. Our trip leader **Marsha Corbett-Simpson** was so organized, she had each traveler's t-shirt with their ticket in a plastic bag waiting for them as they walked in the door. Our flight left LAX more or less on time and I noticed several travelers napping on the flight. The most surprised napper was **Knut Kongelbeck** when Marsha sat in his lap so that the flight attendant wouldn't push her cart into her.

Former Winter Trips VP **Ann Greenidge** missed us so much that she traveled all the way from New Jersey to join the club in Big White. The club's Massachusetts member **Tom DePalo** picked her up at the airport. Tom has been joining us on the weeklong ski trip since the club went to Sun Valley in 1994. These two members get bonus points for traveling so far.All 37 of the CCSC'ers had dinner at the China Wok Lounge on Saturday night. Marsha, thinking ahead, made reservations prior to leaving from LA. She figured this would be a good night to gather the troops for club night. It was a great choice, since none of the members needed to go out and find a restaurant the first night. Great thinking Marsha!

#### Sunday- Welcome Party

On Sunday our first day out on the slopes, trying to ski in the fog and snow a group of 11 of us (which included **Ray Craig** traveling with Conejo but also a CCSC member) stopped for a picture. As we were standing there **Sylvia Kongelbeck** skied by and we all tried to get her to stop to join us for a picture. We thought she was ignoring us but she was afraid to stop and loose her group in the fog. She was smarter than the rest of us—she was following a host.

The LA Council *Welcome To Big White* party Sunday night was great. The local restaurants were offering samples of their foods. You could taste as much as you wanted and as many times as you wanted to decide what restaurants you wanted to visit during the week. Ok, so there were only six restaurants in town and we had already eaten at the Chinese one. **Jim Simpson** was so taken with the cheese fondue at the Swiss Chalet we had to go to dinner there so he could have it again. **Candy McKnight**, as race chairman for the club was trying to talk everybody in to racing. **Dorothy McCloskey** and **Annette Arbuckle** not being familiar with the new hitech racing bibs offered by Big White wore them as a diaper. So there might have been a little alcohol flowing at the party. (There are pictures so it really happened!)

#### Monday– The Qualifier Race & Tubing Party

Today was our first of two days of racing and as many as 30 of us raced. Coming out of retirement to race was **Margarete Boerger**. The racing on Monday was a dual slalom. Everyone received a medal no matter what their time score, even Dorothy who didn't ski that day got a time and a medal.

Personally the best time I had was on Monday for the tubing night, but you really needed to have those two free beers offered by Big White before went out to ride

the tubes (I think they did this on purpose). Tom White, Suzanne Gilbert, Bruce Barber, Susie Elder, Steve Nishimura and I were in my first group of six sliding down the hill, we were laughing so hard I can't believe we made it to the bottom.

#### Wednesday-Blues & Margaritas

Wolfgang Jahn was the leader of the pack during the Cruise the Blues. He had Don Brenholt, Margarete Boerger and Diran Donigan in tow trying to find the most blue runs. After all that hard work the only CCSC'er to win anything was Don Ticinovich and he was presented with a silly little hat.

Wednesday night, there was a great margarita party hosted by **Gene Fulkerson** and **Catherine Ohl** and sponsored by Pac Rim and CCSC. They took care of getting the alcohol (and margarita machine) transported to the resort and prepared the party snacks. The party was well attended before and after the Cruise the Blues party.

#### Thursday- Dave Seret Memorial Race & Dicnic

The Dave Seret Memorial race saw first time racer **Sherri Reid** do an excellent job of trying to get points for the club. **Lloyd Huff**, as always, was pulling seconds out of his hat to be one of the fastest CCSC men on the hill. **Catherine Ohl**, who hasn't raced in five years, was the fastest CCSC woman on the hill. **Larry Davis** thinks that the five best CCSC racers are **Lloyd**, **Don Ticinovich**, **Mike DeVine**, **Steve Nishimura** and himself. And guess what? The scores showed that was the case. **Ed Mahfuz** and **Doug Goettling** took exception to that statement but their scores didn't have them in the top five. Also **Sharon Consoli**, former race rep from Recreation, was traveling with CCSC. She hadn't raced in years but did well enough to medal. **Gene Fulkerson** raced for CCSC and he also posted a great time getting points for the club and a medal too. **Dorothy McCloskey** actually made it to the racecourse for this race. She raced her heart out and did well enough to get a medal. Congratulation to all the CCSC'ers who tried their best to bring home the gold. See page 3 for the Dave Seret Memorial Race results.

The mountain hosted lunch for all the clubs after the race on Thursday. I think all 37 of our club members attended, whether they sat inside or froze themselves outside. As always many pictures were being snapped. I personally took pictures of CCSC President **Debbie Noveshen** and **Jeff Woolf**. **Barbara Blakeley** and **Sandy Langston** were in line in very cute ski outfits. Sandy, was this one of the new outfits you bought while in Big White? The food at the picnic was OK but the deserts were dynamite.

#### Friday- The Farewell Banquet

Now Friday was a great day of skiing, through the storm, through the trees and on some of the best snow we've had on any trip in a number of years. **Mike McCloskey**, getting on the slopes late, hooked up with some guys that wanted to ski the trees, he had to work really hard in the powder.

The farewell banquet was held at the Happy Valley lodge on Friday evening. The food was outstanding— the pasta salads were the best. The results of the Club winner of the Dave Seret Memorial race were announced, alas, CCSC did not win but we tried hard. Winter Park Representatives were there and hosted a wine toast for the group. Winter Park is where LA Council is going next year for their out of state trip. Our group took the time to gather in the bar for a group picture. It came out really well and copies will be distributed to all of the attendees. That **Tom Barker** looks like such a quiet guy, and boy, can he dance. He can't deny it cause there were pictures. Hey, **Leo Warren**, how come you weren't out there dancing everybody else was? The party lasted into the evening and the singers, *Girls' Night Out*, did a great job of keeping the crowd happy and hopping.

Our only causality of the trip was **Eileen Davis** who fell off the lift and bruised her ribs. As last note, **Michael Medkiff** had the oddest luggage, a plastic bag with just his ski poles in side.

We all made it home with a minimum of problems. **Jim Simpson** as the random choice of the airline was practically stripped searched at the departure gate. **Lloyd Huff** was seen having to take off his shoes. But we made it home, as did our luggage and skies. A good time was had by all.  $\checkmark$

#### Racer Ready

by Candy McKnight

## We need Ufon! We need all our racers for the

upcoming Ullr-IV! We fell behind by almost 40 points at Ullr-III. Won't you join us on the race hill.

#### LA Council Championships—

Well, it's that time again. The LA Council Championships are just around the corner, Saturday, March 9, 2002, the day before Ullr IV. The cost for this race is \$20. Please let me know if you plan to race in the championships and send me a check made out to LAC. If something comes up and you can't race, your money will be refunded. It's important

to let us know if you're planning to race so LAC will know how many racers to expect and can order the correct number of medals.

FWRA Championships-

Far West Race Championships are April 13 -14, 2002 in Mammoth this year. I have not received cost information on this race yet, but please keep it in mind and join us on our bus trip to Mammoth this weekend. We will need to do advance seeding for this race also.

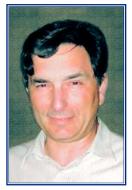

Race sign-ups for LAC and Ullr IV are in either the old Pizza Room or the old Gondola Room on both Saturday and Sunday at 8to 8:45 AM. Don't be late or you could be shut out.

Let's continue to have fun. Come out and Race! See you at registration. ▼

#### Membership Matters

by Steve Shiel

Challenge yourself to do something that you would not ordinarily do. Invite a potential new member on one of our trips. Let them experience what a "yard sale" is (**Steve Romine** taking a tumble with his skis and poles going everywhere, as a pace setter for the lower hill during Ullr III).

Racing can be a kick. Everyone takes a tumble now and then. If you are a member you can race for no

additional costs for Ullr IV. Try racing and discover the inner gold medalist with in you. It does not matter where you finish, as long as you try. Remember, we are part of this club to have fun.

#### Newsletter by E-mail

CCSC has moved into cyberspace. We offer members the opportunity to download the newsletter via the internet. The newsletter is in pdf format and you need the latest FREE copy of Adobe Acrobat Reader to open it. To help save a few trees, just let Steve Shiel know you want it emailed.  $\checkmark$

Public Affairs-

by Catherine Ohl

Killebrew Purchases Steamboat— William Killebrew, majority owner of Eldora Mountain Resort, Colo., announced that he is part of the consortium buying Steamboat Springs from American

Skiing Company. Killebrew joins **Tim** and **Diane Mueller**, owners and operators of Okemo, Vt., and Mount Sunapee, N.H., in forming Triple Peaks LLC, which will oversee all three areas.

In addition to his ownership stake in Eldora, which was not placed under Triple Peaks management, Killebrew's family once owned Heavenly Valley Ski Resort in California, which they sold to the Japanese group, Kamori International.

#### Denver Picks Intrawest to Run Winter Park-

Denver Mayor **Wellington Webb** announced that the city would negotiate with Intrawest Corporation to develop and run Winter Park Resort. The choice was obvious, though the runner up, East-West Partners, Inc., also presented a good plan.

It is expected that details related to the Denver-Intrawest partnership will be negotiated over the next six months. Some highlights of the deal include a 50-year lease with options to extend the contract until 2078, guaranteed "significant" investment during the first 10 years, a \$3 million payment to the city when the contract is approved, a village at the base with planning to include community participation and guaranteed annual payments to the city to be comparable to or greater than those made until recently by the Winter Park Recreational Association, which currently manages the resort and hasn't been able to make payment for the past few years.

#### New Ski Lifts Around Russia-

The world's largest country, Russia, has more than 100 ski centres dotted around its vast expanse. Here's a summary of improvements this season at some of them.

The ski area at Zavjalikha (http://www.zavjalikha.ru) in the Urals has had two new double chair lifts installed following the quad chair it installed last season, Russia's first (a second one has since opened at Sorochany in Moscow). Zavjalikha plans to construct an airport to enable easy access for skiers from Moscow and St Petersburg.

Krasnaya Polyana, close to the Black Sea resort of Sochi, is continuing to attract substantial interest and infrastructure investment. The resort, visited by Russian premier and keen skier **Vladimir Putin** last season, now has the support of the Russian Olympic Committee who plan to develop the country's largest resort here.

Elsewhere, to the north of the country a ski area near Murmansk has had two new surface lifts added to its existing quota of six surface lifts and an elderly chair.

A new ski centre, Listvyanka has been created close to Lake Baikol, not far from the airport at the city of Irkutsk, in the Siberian Far East of the country. Also in Siberia, an old ski area at Divnogorsk has been rebuilt with the two former drag lifts reinstated and a new 2km (1.25 mile) long tow also installed. A snow making system was installed

last summer.  $\nabla$ 

#### Fitness-Let's Get Flexible

The U.S. Ski Team has its own yoga instructors and most members find that yoga helps them stay limber. While skiers are definitely strong; they're also tight because skiing overuses certain muscles, forcing them to stay contracted and possibly leading to injury,

To improve hip flexibility, yoga experts say skiers need to commit to stretching (yoga in particular) and take the time to do it—at least 10 to 15 minutes of stretching before and after hitting the slopes.

#### How To Do The Warrior Pose -

Lunge with the right leg as far forward as you can or until the thigh is about parallel to the ground, aligning the knee over the ankle. Keep the left leg straight, and pivot the left foot outward. Bring your arms straight over your head with your palms facing each other. As you improve, press the palms together, while you look up at the ceiling. Hold for five long breaths, and switch sides. The

Warrior stretches the feet, hamstrings, glutes and hip flexors—all common tight spots for skiers. ▼

#### Social-

March isn't just reserved for skiing. Can you say HAPPY HOUR and not just one but two. The first is going to be on Saturday March 2, 2002 as we "crawl" our way through the pubs of Santa Monica. See page 4 for all the details. Our second is on Friday March 15, 2002 as we get together at the home of VP **Andy Vogel** to enjoy green Pina Colada's and prepare for our first annual CCSC Garage Sale fundraiser.

#### Garage Sale Fundraiser-

Andy has assured us that whatever you bring it will sell, with all proceeds going to our club. So start bagging those old clothes, gather up all that **STUFF** that has made it way to the garage, attic, basement or junk pile and bring it with you on Friday night and participate in the festivities. You can also drop your **STUFF** by Andy's on Saturday March 16, 2002, (early in the morning, like 7 AM) and join in the fun of our annual fundraiser.

If you think the weekend is over, it isn't. Check out page 4 for all the details of our monthly beach bike ride on Sunday, March 17, 2002. I think that's a first, 3 days, 3 events, and we won't leave Los Angeles.

#### And so much more-

Lots more is headed our way in the months to come. Nominations have started for the 2002-2003 board with elections happening at the April 16<sup>th</sup> south meeting. More bike rides, wine tasting in Santa Barbara, and a full summer of water-skiing. You are not going to want to miss all that's in store for us.

- For most trips a deposit is required at sign-up. Please submit a separate check or money order for each trip (to make our bookkeeping easier).
   Sign-up must include the liability waiver signed by you. Payment schedules for trips may vary.
- 2. Non-member fees apply as shown in the trip prices. Non-members may go on no more than three trips per year.
- 3. You may get on the waiting list if the trip is full by sending the sign-up form with a deposit. The deposit will be processed only after an opening becomes available and the reservation is confirmed by you.
- 4. A minimum cancellation fee of \$20 will be charged for all trip cancellations. If you cancel less than fifteen (15) days prior to departure, you will receive a refund (less cancellation fee) only if a replacement is found either by you or trip coordinator, and the trip is full. We cannot accept cancellations less than fifteen (15) days prior to departure on trips not filled. A no-show will forfeit full cost of the trip. This cancellation policy will be superceded for any trip where a cancellation policy is published on the flyer for such trip.
- Bus trips are limited to persons over 21 years of age, unless otherwise specified.
- No smoking ANYTHING on the bus, in the condo/accommodations, or on the houseboats.
- CCSC will not be responsible for articles lost, damaged or stolen. Neither CCSC nor owner of parking facilities shall be responsible for articles or vehicles damaged or stolen.
- 8. Sign-ups may be made at meetings or by mailing your payment and sign-up form to the trip coordinator. It is your responsibility to contact the trip coordinator and confirm your reservation. Payment must be received for reservation confirmation.
- Participation in CCSC events is governed by CCSC by-laws. Participants are expected to conduct themselves in a manner which is always respectful of the rights of others to enjoy the event in a manner of their choosing.
